Executive Summary

Experienced IT and education professional with 12+ years of teaching and leadership experience, currently pursuing an M.S. in Business Analytics. Skilled in **Microsoft technologies, Excel, Oracle, and data analysis**, with a strong background in curriculum design, outcome-based education, and student success strategies. Recognized for turning complex data into actionable insights and driving continuous improvement through technology and analytics.

Education

- **Master of Science in Business Analytics** Dec 2026
  East Texas A&M University-Commerce
- **Master of Engineering in Computer Systems Engineering**
  NED University of Engineering and Technology Dec 2014
- **Bachelor of Engineering in Computer Systems Engineering**
  NED University of Engineering and Technology Dec 2010

Skills & Leadership Profile

- Technologies: **Microsoft Technologies**, **Oracle, MySQL**, **Python,PowerBI.**
- Project Management: Agile, SDLC, Sprint/PI Planning, Delivery & Risk Management
- Education Leadership: Curriculum Design, Assessment Strategies, Faculty Training
- Professional Development: Vendor Management, Team Leadership, Scope Planning
- Soft Skills: Communication, Problem Solving, Adaptability, Critical Thinking

Certifications

- MySQL for Non-Programmers – Certificate of Completion
- Excel Data Analysis Forecasting– Certificate of Completion
- Systems Thinking – Certificate of Completion
- Business Analysis & Process Management – Coursera
- Introduction to Penetration Testing – IEEE
- Machine Learning in the Age of Enterprise Big Data – IEEE

Professional Experience

Graduate Assistant Non-Teaching Data Gathering and Analytics -*Dept College of Science and Engineering*

East Texas A&M University-Commerce Oct 2025 – Present

- Collected, organized, and maintained student data on demographics, enrollment trends, academic performance, and retention.
- Conducted quantitative and qualitative analyses to identify patterns and insights into student success and recruitment strategies.
- Researched best practices in higher education analytics to support data-informed decision making.
- Assisted in special projects and presentations to advance student success initiatives.
- Applied tools such as Excel and SQL, for data management, analysis, and visualization.

Assistant Professor/ OBE Coordinator – Dept. of Software Engineering
NED University of Engineering & Technology March 2018 – 2024

- Designed and delivered undergraduate and graduate courses through lectures, tutorials, seminars, and practical sessions.
- Mentored students academically and professionally; supervised final-year projects, conducted architecture reviews, and organized seminars.
- Served as class advisor and student counselor, guiding first- and second-year students in
- academic, professional, and personal development, and encouraging participation in community service.
